Living on Campus

OTTAWA, CANADA

housing.carleton.ca
Living in residence at Carleton is like living in a small, friendly neighbourhood. Our eleven residence buildings are clustered together, making it easy to meet people and get everywhere—to your classes, the Library, Athletics, the Residence dining hall and more.

First-year guarantee
All current secondary school and CEGEP students entering first-year studies in the fall who are admitted on or before May 15, 2018, are guaranteed a double traditional space in residence. This guaranteed residence offer must be accepted online by 4:30 p.m. (EDT) on June 7, 2018. If you did not receive an offer of residence accommodation with your offer of admission, you must contact Admissions Services to determine your eligibility.

To confirm your guaranteed space in residence, you must first accept your offer of admission to Carleton University, then go to the residence website at housing.carleton.ca, click on Applying, and follow the steps, including payment of a $700.00 deposit.

If you are not eligible for a guaranteed offer of residence, visit our website at housing.carleton.ca to submit an application for residence accommodation. The Non-Guaranteed application must be submitted by 4:30 p.m. (EDT) on June 7, 2018, to be included in the lottery held on June 13, 2018.

Other students
Offers of residence and waitlist priority numbers for other new applicants (upper year, graduate, transfer or exchange students) who have accepted Carleton’s offer of admission and who have applied for residence by the June 7 deadline will be determined by lottery on June 12, 2018.

Room lottery
If you do not receive an offer of residence accommodation by lottery, or if you apply after the June 7 deadline, your application will be placed on a wait list. Visit our website at housing.carleton.ca and click on Applying for more information.

What does residence offer?

CAMPUS CONNECTIONS
We understand that students are always on the go. Our residence buildings are conveniently located and connected to each other and to the rest of campus via underground tunnels, enabling you to get to class, meals or workouts within minutes. You'll find it easy to arrange meetings with friends, study partners or professors. With the conveniences—not
to mention the unique living experience—that residence offers, you will be glad that you chose to make residence your home away from home.

TWO LIVING STYLES

Our residences offer two types of rooms—traditional or suite-style rooms. The majority of our rooms for first-year students are traditional double rooms, with shared washroom facilities. A limited number of single and suite-style rooms are available for first-year students.

The suite style provides four-person single-gender suites (either two doubles or four singles) with a shared common area, washroom facility and small food preparation area (with fridge and microwave).

Visit housing.carleton.ca/buildings to view snapshots and sample room floor plans.

THEMED COMMUNITIES

To enhance your residence experience, you may request to share a room with another student in a similar academic program or live in a “themed community.” Living in one of the theme areas provides students with a unique opportunity to develop friendships and spend time with others who share common interests. We currently offer Creative Arts and Design, Healthy Lifestyle, Sustainable Living, Technology and Media, and substance-free communities, and floors in various buildings that are designated as “quieter” living areas. Visit housing.carleton.ca/living-in-residence/themed-communities for details.

RESIDENCE MEAL PLANS

Breakfast, lunch and dinner are offered daily. Meal plan pricing listed here is for the 2017-2018 academic year.

First year students living in residence will be enrolled in the All Access Meal Plan, which provides unlimited entry into the Dining Hall and $100 Dining ‘Flex’ Dollars. For students living in suite style residences, there is a Reduced Meal Plan option, which offers seven meals per week and $450 Flex Dollars. Meal plans for residents of Leeds and Frontenac houses are optional. Visit housing.carleton.ca/fees-and-food for further information.

AN EXTENSIVE SUPPORT NETWORK

Embarking on a new chapter in life, especially when living on your own for the first time, can take some getting used to. Carleton’s award-winning Residence Life program has been designed to help with this transition so you can reach your academic and personal goals. Our extensive residence support network includes residence counsellors, live-in residence staff, organized academic programs and social events. housing.carleton.ca/living-in-residence

A commitment to community living

The well-being of the residence community rests on the balance of the community’s ability to respect the needs of the individual and vice versa. Residence Life Staff work with students to create communities based upon mutual respect and personal development. By choosing to live in residence, students are provided with safe, maintained, secure and convenient housing. They benefit from living in a community based on personal learning, development and growth, and are afforded opportunities to be involved.
